

Spotlighting in the Results Section

Originally you could only Spotlight in the Pivot and Free Form Report Sections. Now you can also Spotlight in the Results and Table Sections. For instance, if I wanted to highlight where Country = USA, I can select the column I want to highlight, bring up the Spotligher (Format > Spotligher), then fill out the Spotligher as shown below.

Remember to press the green check box to check in your spotlighting (not the Capture and Apply buttons).

Your results would like the following:

	Store Name	Store Type	City	State Province	Country
1	BMV Barreiras	Franchise	Barreiras	Bahia	Brazil
2	BMV Buenos Aires	Franchise	Buenos Aires	Buenos Aires	Argentina
3	Super BMV Vancouver	Superstore	Vancouver	British Columbia	Canada
4	BMV Santos	Franchise	Santos	São Paulo	Brazil
5	BMV Brooklyn	Franchise	Brooklyn	New York	USA
6	Super BMV Westwood	Superstore	Los Angeles	California	USA
7	Super BMV New York	Superstore	Manhattan	New York	USA
8	Super BMV Los Angeles	Superstore	Los Angeles	California	USA
9	BMV Anaheim	Franchise	Anaheim	California	USA
10	www.downtownbmv.com	Online	Dallas	Texas	USA

Notice you didn't have to put the string value USA in single or double quotes.

NOTE: This Newscast was tested on Brio R6.2.0.75

Cabri Ltd. is a training company, distinguished by our in-depth knowledge of data warehouse query tools and industry insight. We specialize in product training, installation and custom course development for communication, manufacturing, e-business and public agency clients.
